treatment groups; provided psychological evaluations; facilitated individual and group therapy; supervised professional staff; oversaw and interpreted psychological testing; and provided consultation to staff concerning inmate management and treatment. *Jan 2008-Jan 2012: Sex Offender Treatment Program Director: developed, conducted, and managed specialized treatment groups for sexual offenders, violent offenders, and substance dependence, including educational classes; completed risk assessments on sex offenders who qualified for the program; coordinated quarterly Sex Offender Management meetings with other providers in the community.*

05/2007-10/2008

Staff Clinician – SHARPER FUTURE

Clinical Duties: All aspects of Outpatient treatment for adult sex offenders, mandated to treatment by California State Parole and San Diego County Probation. Facilitated intensive groups and individual treatment for parolees identified as High Risk Sex Offenders. Completed intake assessments and administered the Millon Multiaxial Inventory Third Edition (MCMI-III), Abel Assessment for Sexual Interest-2 (AASI-2), Static-99 and Stable 2007. Provided individual therapy for US Federal Probation clients mandated to treatment. Participated in multi-disciplinary treatment team and ongoing interface with Parole Officers, County and Federal Probation Officers and SASCA representatives. Helped implement new sex offender curriculum.

02/2007-04/2011

Mental Health Systems, Inc. – Family Forces (Tri-Care panel) Contractor

Clinical Duties: All aspects of Outpatient treatment for military families including individual, family and crisis intervention with a variety of mental health issues. Specialized in adolescents and children who were trauma reactive and juvenile sex offenders. Completed intakes of all clients and completed paperwork for Tri-Care insurance. Treatment approaches used were EMDR, cognitive-behavioral, psychodynamic and approved sex offender treatment.

02/2007-04/2011

Private Practice

Operated a private practice with referrals from Tri-Care and from Juvenile Probation. Referrals from Tri-Care were specific to military families and included individual, couples and family. Referrals from Probation were juvenile sex offenders. Also worked with trauma survivors, LGBTQI and couples.

08/2005-09/2006

Psychology Intern, Professional Community Services

Clinical Duties: All aspects of Outpatient treatment for adult domestic violence batterers, many who were mandated through adult probation. Treatment consisted of two-hour groups, one night per week. Provided individual therapy in a community agency to adult clients with a variety of mental health issues.

08/2004-08/2005

Psychology Intern, SHARPER FUTURE

Clinical Duties: All aspects of Outpatient treatment for adult sex offenders, with chronic chemical dependency issues, mandated to treatment by California State Parole. Provided individual therapy addressing situational crises. Participated in multi-disciplinary treatment team and ongoing interface with Parole Officers and SASCA representatives.

04/2001-05/2007

Therapist, STEPS (Sexual Treatment Education Program and Services)

Clinical Duties: All aspects of treatment in day treatment and outpatient setting for adolescent sex offenders including individual, group, family and milieu therapy. Completed intake assessments of new clients and recommend the most appropriate treatment setting. Treatment was cognitive-behavioral therapy with intense focus of sexual offense-specific issues. Participated in multi-disciplinary treatment team and ongoing interface with public school educators (on-site), Probation Officers, Social Workers, group home staff, and victim's therapist. Experienced in working with clients who identified as gay/bisexual, and with clients from various ethnic and cultural backgrounds. Helped create curriculum specific for juvenile sex offenders and helped create training manual for new staff.
